

POH & NPOH

\$Rev: 228 \$

This is a Reform UK Scotland Position Paper

The acronym listing the various "non-conventional" sexual preferences used to be **LGB**. Then it became **LGBT**, then **LGBTQ**. The Canadian Government have (August 2022) announced support for the **2SLGBTQI+** community.

This apparently stands for Two Spirit (**2S**), Lesbian (**L**), Gay (**G**), Bisexual (**B**), Queer (**Q**), Transgender or Transsexual - you choose (**T**), Intersex (**I**) and everybody else (**+**). The + seems to stand for the proclivities that are not yet sufficiently fashionable or loud to merit their own letter.

It appears that the acronym will continue to grow indefinitely (there are already versions with an extra **Q** and an **A**). It also appears that the only people who will eventually be excluded from this alphabet soup are the Plain Old Heterosexuals (**POH**).

For this reason we would like to propose that, for reasons of efficiency and accuracy, the population is divided into:

POH - Plain Old Heterosexuals; and
NPOH - Non-Plain Old Heterosexuals.

But best of all would be if we stopped dividing society up into categories and we could just use the letter **P**, for People.
